

# CCUREX™ CASE TAPING SYSTEM

**Reliable  
Case  
Taping  
Solutions**

#### **Leader Delivers What You Need. . . Today**

Leader's Accurex™ case taper is a cost-effective top and bottom case taper designed for large run case sealing. Accurex utilizes pressure-sensitive tape and features self-centering side rails, a rugged bottom belt drive, and heavy-duty mast that easily adjusts to handle a variety of case sizes.

#### **Innovative Technology, Proven Reliability**

Accurex offers the durability, versatility and reliability that you have come to rely on from Leader. The system's unique and simple design has proven to be one of the most reliable case tapers on the market today, keeping production and maintenance efforts to a minimum and providing fast and efficient alternatives to hand taping.

#### **True Versatility For Your Needs**

Accurex offers fast and easy case changes with adjustable side rails and flexibility ranging from 4.5" to infinite box length. Accurex is also able to seal cases ranging from 4" to 22.5" in width, as well as 3.5" to 25.5" in depth. Adjustments can be made on the fly with easy hand tighten knobs on a single mast design. A single drive motor and aggressive drive belts will move your boxes and stand up to your toughest challenges. Accurex is also perfect for integration with ink jet printers where coding is required on boxes.

#### **Case Taping As Easy As 1-2-3**

Accurex top and bottom tape heads are interchangeable and tip back for easy threading. No air is required to run the

Accurex taping system so it can be placed anywhere in the factory. A safe single mast allows clear access to all components and adjusts for a variety of case sizes. The use of Leader's Accurex case taping machine can be learned in minutes, avoiding breaks in production and downtime, saving your company money and increasing your ROI.

#### **Industrial Strength Operation**

A single drive motor and aggressive industrial strength drive belts make Accurex a workhorse that will stand up to your toughest challenges. Each case taping machine is made from 10 gauge steel that meets most factory requirements. A powder coated exterior protects from outside chemical damage guaranteeing years of use while withstanding abusive conditions to provide high quality case sealing.

#### **Totally Affordable Case Coding**

If you've wanted to add case coding to your operation, but felt your budget restricted you from doing so, the Accurex offers a new level of economy. Combined with Leader's entry-level PrintStar™ printing system, Accurex offers an affordable solution to meet your product marking needs. For users who require bar codes or higher resolution print, Leader's Ranger™ is also available for integration on the case taper.

#### **The Right Solution**

Rugged design. Proven reliability. Simple operation. Your benefits go on and on. When it comes to industrial operation, rely on Leader to provide the right solution for your case sealing needs.

# ACCUREX CASE TAPING SYSTEM

## Accurex Features

- Plug-In and Go Operation
- Powder Coated 10 Gauge Steel
- Interchangeable Top and Bottom Tape Cartridges
- Adjustable Side Rails
- Industrial Strength Drive Belt
- Safe Single Mast Design
- Easy Hand-Tighten Adjustments
- No Air Required
- Low Maintenance
- Simple Integration with Ink Jet Printers

## Accurex Taping Specifications

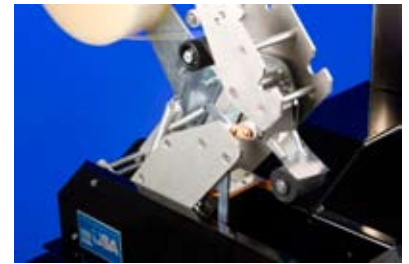

<b>Sealer Type</b>	Bottom belt, top and bottom case sealer		
<b>Machinery Makeup</b>	Industrial strength 10 gauge steel, powder coated for durability		
<b>Belt Speed</b>	60 feet per minute		
<b>Tape Speed</b>	30 cases per minute, depending on box size and operator efficiency		
<b>Adjustable Side Rails</b>	Palm grip knobs offer quick and simple adjustments		
<b>Conveyor Height Adjustments</b>	22.25" to 34.25"		

Box Specifications:	Length	Width	Depth
Minimum Box Size	.5"	4.0"	3.5"
Maximum Box Size	Infinite	22.5"	25.5"

<b>Tape Size</b>	2" wide pressure sensitive tape, up to 15" diameter rolls; 3" wide tape option
<b>Tape Cartridge</b>	Proven design requires no lubrication; tips back for simple tape threading; removable for maintenance and interchangeable with top or bottom cartridges
<b>Electrical Requirements</b>	110 VAC, 60Hz, 4.0A
<b>Air Requirements</b>	None

## Accurex Optional Accessories

<b>3" Tape Head</b>	Accepts 3" wide tape rolls
<b>Casters</b>	Allows transportation within plant
<b>Front and Rear Packing Table</b>	Solid tables bolt before and/or after taping system to allow for case packing
<b>DOD Printing System</b>	Leader's PrintStar printing system available for printing large character dot matrix codes on one or two sides of the case
<b>Piezo Printing System</b>	Leader's Ranger printing system available for printing hi-resolution text, logos or bar codes on one side of the case

Top and bottom tape heads are interchangeable and tip back for easy threading.

Industrial strength drive belts move boxes consistently through the taper.

Accurex can be easily integrated with Leader's PrintStar for simple dot matrix case coding. . .

. . . or with Leader's Ranger for printing of bar codes, logos and high resolution alpha- numerics.
