REINER

The MP-series of *jetStamp*-Family

Printing on special surfaces like metal and plastic!

Electronic handstamp. Prints one or two-line impression with text, number, date and time, quickly and quietly on all even and uneven surfaces, forms, bundles of documents and envelopes.

Print with the MP-Series of the *jetStamp*-Family special surfaces like metal and plastic too. The special quick-drying ink prevents from smearing on stamped items.

The MP-Series of *jetStamp*-Family is specially qualified for marking on:

- Industrial or manual produced parts of metal and plastic
- Affixing of best-before date on glossy boxes

Version:

- ***jetStamp* 790 MP**
  Mobile electronic hand stamp for a wide variety of applications

- ***jetStamp* 791 MP**
  Click & Stamp: the software that allows you to pick up messages from Excel and Word files

- ***jetStamp* 792 MP**
  Suitable for automatic applications, e.g. installed in production lines
