

SUPERIOR S50-SB CASE SEALER

BENEFITS

- The S50-SB Small or Narrow Carton Case Sealer is the best choice for securely sealing not only common case sizes, but also your small or narrow cartons. It is commonly used to meet the special demands of sealing the carton sizes used in the cosmetic and nutraceutical industries.

The Superior S50-SB Small or Narrow Carton Case Sealer is designed to easily seal not just your common case sizes, but also your small or narrow cartons. It is a very rugged system with side belts to securely and powerfully turn your case sealing into a quick, complete, inexpensive and almost effortless part of your production process. Additionally, when you order your S50-SB you have the opportunity to purchase a fully integrated inkjet coding system at a tremendous savings to make your case coding and sealing an incredibly efficient one step process.

The S50-SB comes complete, already loaded with everything you might want for options. Its front and rear roller packing tables make your production easy and simple—it is no problem for your operators to feed the system, or to transfer your sealed case to a collecting conveyor or a pallet. It is already supplied with swivel locking casters so you can roll it into place and lock it down for production with very little effort. Its self centering side belts mean that you can change over very easily from one size box to another in a matter of a couple of minutes.
