

SUPERIOR S90-SBAFE CASE SEALER

BENEFITS

- The S90-SBAFE Auto Flap Closing Case Sealer is the best choice for automatically closing and securely sealing cases in your fully automated production environment..

The Superior S90-SBAFE Auto Flap Closing Case Sealer is designed to automatically receive, close and seal your cartons with ease. It is a rugged system with side belts to securely and powerfully turn your case sealing into a quick, complete, inexpensive and almost effortless part of your production process. Additionally, when you order your S90-SBAFE you have the opportunity to purchase a fully integrated inkjet coding system at a tremendous savings to make your case coding and sealing an incredibly efficient one step process.

The S90-SBAFE comes complete, already loaded with everything you might want for options. Its front and rear roller entry and exit tables make your production easy and simple—it is easy to automatically feed the system from other systems, or to transfer your sealed case to a collecting conveyor or a pallet. It is already supplied with swivel locking casters so you can roll it into place and lock it down for production with very little effort. Its self centering side belts mean that you can change over very easily from one size box to another in a matter of a couple of minutes.
